The most efficient way to earn free Robux is to develop your own game. If you build your own game, you can take advantage of monetizing your game and bringing in new players with the Roblox Affiliate Program.

I think of a metaverse as a collection of virtual worlds, landscapes, and characters that you can experience in one shared space. One example is Fortnite, which lets players dress up as characters from a huge range of popular franchises across movies, other video games, and even sports. Roblox has a huge range of virtual worlds that you can go to and games to play that can take place in any kind of environment that a developer can imagine.

It is completely free to create a Roblox account and start playing. The majority of the games on the platform are also free to play so it is perfectly feasible to have a good time on Roblox without spending a penny. You can play Roblox on pretty much any device, either through a web browser or the free dedicated Roblox app.

Once Mr. Rich is defeated, you'll need to take the Cyclops Eye to the wizard NPC in the cave. As long as you've already got the Robux ingredient off him, you'll get 20 Gems for free.

Roblox has been around for a long time now, and the community has just grown stronger over the years. There are numerous Roblox games out there, each offering a unique gameplay experience, and some of them are insanely popular with over 500k players playing the game on a regular basis.

In 2006, Baszucki and Cassel launched Roblox Studio. It was, in Bronstein's own phrasing, an "immersive creation engine", blending gaming, creation, and social networking. Roblox might have the veneer of a video game, but it's perhaps more accurate to describe it as a set of tools its users can wield to build their own video games (or "experiences" as the company sometimes refer to them), to be hosted on the Roblox platform. These creation tools are designed to be less daunting to the entry-level developer than professional game engines, and fully customisable frameworks exist across numerous genres. These include maze-runners, first-person shooters, tycoon simulators, and free-form "roleplay" genre, where developers create worlds – schools, cities, historical eras, sci-fi dystopias, etc – for users to project their own stories onto, informed by their interactions with the setting and other users.

It's on PC, Mac, iOS, Android, Xbox One (and, by extension, Xbox Series X / S), and you can even play in VR using the Oculus Rift and HTC Vive. It's free to download, though buying Robux costs real money.

There are a number of settings parents can toggle to help control what their kids can do in the app and even who they can talk to. Parents can also toggle a switch to require a PIN to change settings, and they even turn on a restricted mode that limits a user to only accessing content curated by Roblox.

I appreciate that reading this may make Roblox sound like a scary place for your kids to spend their digital time in but rest assured this is not the case. If you follow the steps above and educate your kids on how to stay safe and let you know when something isn't right, they will have a great time playing any of the games on the platform. My son has even got me playing with him and this can be a great way to fully understand what it is your kids are doing.

I could do without the clown thing, but Roblox seems like a big deal. So: should I invest in the stock?

The games can vary massively in terms of quality and content and there appears to be very little quality control from Roblox themselves. This doesn't mean that all of the games are bad, there are thousands of amazing games to play on the platform but it can sometimes take a bit of digging to separate the good from the bad.
